

Active Incentives

Active incentives

To motivate, reward and strengthen the team, an incentive trip is the ideal choice.

Active incentives combine sport and open air activities with fun and challenge. The winter season is the perfect period to organize them.

Ski & Snowboard

The international Vialattea ski area with Sauze d'Oulx or Sestriere or the exclusive Courmayeur. Our resorts are the perfect solutions for your active incentive.

The slopes are suitable for beginners, intermediates and advanced skiers.

We can book ski and snowboard lessons for beginners and ski instructor guides for the more experienced.

Activities besides skiing

After a day on the slopes,
try a new challenge!

The mountains offer a
wide choice of
activities: choose between
skidoos, ice go karts or the
more challenging rally
driving on ice!

Dinner in a mountain lodge

Finish your day with a “tasty” adventure.

With transportation by snow mobile or snowcat, you will reach these fantastic locations amidst the snow, where you will enjoy an excellent dinner.

Evening

The clubs in our Resorts will give you a memorable evening, from Sestriere with Tabata to Shatush or The Club in Courmayeur. Glamour night clubs patronized by sport, show biz and fashion VIPs. If you prefer something more casual, to try local wines, play karaoke or quiz games the pubs and bars are the right place for you!

Accommodation

In each of our mountain resorts there are hotels suitable for each kind of group, from luxury hotels to 3 star hotels with high quality services.

A warm and comfortable atmosphere will welcome your guests.

Relax and Well-being

From the Pré Saint Didier baths, close to Courmayeur, to the modern and elegant wellness centres in Sauze d'Oulx, your guests could forget the stress of everyday life and have a complete psychophysical regeneration.
